The **SPRING FESTIVALS** are some of the country's biggest and best arts and crafts events! Consistently ranked in the Top 100 Classic & Contemporary Show List by *Sunshine Artist Magazine*, the shows are **filled with hundreds of artists and crafters from across the country** who bring their special talents and skills to each event, offering one-of-a-kind handcrafted wares. The artists and crafters thrive on producing something new and different each season! Many travel extensively, so are only seen at the **SPRING FESTIVALS** when they are invited to show at these events. Fine art, fine crafts, and traditional, contemporary and cottage crafts are all featured in these annual shows, along with stage entertainment and a variety of foods. Gift certificates are given away each hour. Discount coupons are in local newspapers or available at www.hpifestivals.com.
